playground.

Record and communicate learning as it happens via photos, video, audio and observations within a secure online environment. Receive instant feedback and plan new ways to extend children's unique interests and abilities.

Feature	compliance app $50 p/m	playground app $100 p/m	playground web $100 p/m	playground combined $200 p/m
Digital Attendance Attendance data will be captured digitally for the first time by government. This creates opportunities to meet a range of user needs for end users and improves compliance for government.	✓	✓	✗	✓
Sleep Timers Record and analyse a child's sleep pattern to help develop a sleep schedule that's compatible with their natural sleep cycles. It then feeds the information into the Health app along with other important data.	✓	✓	✗	✓
Sunscreen Tracker Keep track of a child's sunscreen with clear audio-visual alerts whenever it is due. Parents can use the Health app to create and edit a sunsafe schedule.	✓	✓	✗	✓
Toileting Tracker Keep track of a child's toileting with clear audio-visual alerts whenever a nappy is due. Parents can use the Health app to create and edit a toileting schedule.	✓	✓	✗	✓
Nutrition Tracker Whether you're helping your child try new foods or a host of other important nutritional metrics, the Health app makes it easier to manage your goals and watch exactly what they eat.	✓	✓	✗	✓
Medication Tracker Keep track of a child's medication with clear audio-visual alerts. Get reminders and log doses on the go, or simply be notified about their child's medication throughout the day	✓	✓	✗	✓
Incident Forms Report incidents as they happen, rather than relying on memory. Up-todate emergency and medical contacts, medical conditions and personalised care instructions.	✓	✓	✗	✓
Emergency Lists Give your team instant access to emergency contacts, medical conditions and personalized care instructions (e.g. allergy action plan, asthma action plan, etc), even when offline.	✓	✓	✗	✓
Photos and Videos Help parents feel close when they are far away. A child's educators can send real-time updates, photos and videos throughout the day. Parents can decide who has access to their child's information.	✗	✓	✓	✓
Milestones and Outcome Tracker Select, create and customise the curriculum, framework or philosophies that you use at your service. Observe progression over time including emotional and physical development.	✗	✓	✓	✓
Daily Synopsis Take photos, record videos and create beautiful stories. Parents can follow on from the activities that occurred for their child earlier in the day, extending their learning.	✗	✗	✓	✓
Learning Analysis Visualise data across rooms, children and custom groups to compare learning outcomes. Identify groups for whom recorded evidence is lacking in certain areas.	✗	✗	✓	✓
Learning Stories Take photos, record videos and create beautiful stories. Parents can follow on from the activities that occurred for their child earlier in the day, extending their learning.	✗	✗	✓	✓
Reflection Notes Reflect on your practice, goals, assessment and registration in your own teacher portfolio. Head teachers/mentors can offer their feedback by leaving comments or adding their own reflections.	✗	✗	✓	✓
Custom Planning Layouts Create your own planning layouts so you can plan how you want with who you want. Link documentation together to provide evidence of your service's planning cycle and see an overview for each child.	✗	✗	✓	✓
Confidential Notes Communicate and engage with your entire learning community. It's a great way to share news, get the word out about any events, or to discuss topics and gather feedback	✗	✗	✓	✓
Analysis and Reporting Tools See who has stories and who's missing out. Observe the use of curriculum and support the work of teachers. Compare and analyse learning outcomes over time.	✗	✗	✓	✓
Educator Portfolios Reflect on your practice, goals, assessment and registration in your own teacher portfolio. Head teachers/mentors can offer their feedback by leaving comments or adding their own reflections.	✗	✗	✓	✓
Child Portfolios Support important transitions for children. Include the child's voice in documentation. Children can revisit any time, even after they leave your service.	✗	✗	✓	✓
