Dashboard

See real-time insights on all key areas of your business with our dashboard widgets. Includes occupancy, revenue, bookings, and outstanding accounts.

Rolls & Booking Management

Digitally manage bookings and real-time attendance updates via our master roll.

Digital Attendance COVID Ready

Go contactless with your sign-ins through a unique QR code for your service on the HUB. Simplify attendance recording and data capture for families, childcare providers and government with the HUB.

Automated CCS & ACCS Submission

Save time and resources with automatic attendance submissions. Simply update attendances and absences throughout the week and we'll take care of the rest.

Easy CCS Error Management

Easily and quickly identify errors from current and historical CCS-submittable weeks and resolve with a few simple clicks.

ISS & QKFS Management

Simplified ISS & QKFS management.

Communications Centre

Communicate with families and create engaging and content-rich posts that can be shared with parents via email, Home App, Home Web and SMS.

Digital Visitor Log

Digitise your visitor book with the HUB. Quickly and easily access all visitor information.

Reporting

Report across multiple services at once and access important data such as Medical Quick Lists and CCS Entitlement Changes. Get all the data you need at your fingertips with pre-built reports covering all key aspects of your service.

Automatic Payments COVID Ready

Automate your billing with the XPay payment gateway, allowing you access to schedule recurring payments without a need to charge rolls or upload to the gateway. Parents can also make ad-hoc payments via PayNow on the Home App.

Bulk Gap Fee Waiver COVID Ready

Services currently impacted by COVID-19, and other future local emergencies, can waive gap fees in bulk for families on a weekly basis.

Digital Enrolment

Guide prospective families through a seamless, paperless and online waitlist and enrolment form. Streamline your internal admissions process with our customisable digital enrolment forms.

Staff Rostering & Digital Timesheets

Simply create and edit rosters, then notify your employees with a click. Staff can clock in and out on the HUB to automatically create digital timesheets for greater payroll accuracy and insight into workforce productivity.

Third Party Integrations

Utilise our integrations with Xero for timesheets, and Ento for smart rostering.

API access

Xplor's set of APIs allow you to easily connect to and transfer data from Xplor to other 3rd party software systems.

Database Replica

Xplor's Database Replica allows you to easily access a nightly backup of your data in the form of SQL tables.

All Packages Include Parent Home App & Web Portal, which includes:

Parent Home App & Web Portal

With Xplor, parents can feel close when they're far away. Educators can send real-time updates, photos and videos throughout the day to Home, whilst also providing parents control over finance and booking management.

Real Time Parent Statements

Parents can view and download their statements in real-time, saving the need to manually email these each week.

Mobile Booking Management

Simple booking management controls at your parents' fingertips, from booking additional casual sessions through to notifying you of upcoming absences or holidays.

Parent Content

Parents can view a library of educational content about their child's development, provided by expert content-creators from around the world.

Charitable Donations

Support local charities and involve your local community with in-app donations to Red Nose, with more charities to come.
