## QIKKÌDS

# What is QikPay?

QikPay is a reliable and secure payment system designed to simplify managing payments for your childcare service. When it comes to cashless payments, QikPay is the perfect solution for your childcare service. It saves your service a great deal of time and effort while ensuring families have a convenient and flexible payment solution that meets their needs.

# **Key functionality**

#### **QikPay Direct Debit**

QikPay Direct Debit is a smart payment solution for families paying childcare fees. They can set it up quickly in the Home app, and payments will automatically be deducted from their bank account. With QikPay Direct Debit, families don't have to worry about remembering to make payments every month.

#### **QikPay PayNow**

PayNow (available via the Home app) offers convenience and ease of use that families will be immensely grateful for. They can make real-time payments from their mobile device—anytime, anywhere, making it the best solution for those who need to pay on the go. No more waiting in line or worrying about late fees.

### Why do you need QikPay?

- Efficient payment management QikPay is a powerful digital payment solution for improving efficiency and increasing cash flow at childcare services. It simplifies the payments process, delivering a seamless and hassle-free experience for both service providers and families.
  - Secure digital payments QikPay provides your service with the added security and transparency you deserve. It saves you from unnecessary headaches by ensuring payments are processed quickly and accurately while guaranteeing the security and safety of your financial information.
- Streamlined payment processing QikPay provides a secure, reliable and convenient way to manage payments at your service. It streamlines the entire payment process, eliminating the hassle of dealing with cash and cheques and the need for manual data entry and paperwork.
- Effortless compliance

Enjoy the benefits of streamlined, secure digital payments with a payment solution that is compliant with new Government regulations requiring families with children enrolled in Australian childcare to pay gap fees electronically.

### QikPay in **QikKids**

QikPay is the future of payment management, making the process easier and more efficient. Our commitment to quality and excellence ensures that your payment process is safe, secure and meets compliance standards. QikKids' integration with the Child Care Subsidy (CCS) system gives you peace of mind that your payments are accurate and up-todate.

Setting up QikPay at your service is a breeze. It's as easy as 1, 2, 3!
